BRICOLAGE PROJECT • Sunday, October 14th, 4:00 pm

A NEW ensemble on the series lineup for those loving choral music! The group is comprised of a rotating roster of young musicians from the New York City area and focuses on early and new music, as well as "crossover" programs with folk music. Bricolage Project presents "Missa L'homme arme," a concert of Scottish and French Renaissance choral works and lute song exploring the historical connection between the two nations through one of the 16th century's most popular folk tunes. Bricolage, meaning "the construction from a diverse range of available things" is a professional ensemble of flexible proportions founded by Fiona and Chris Jackson at Muhlenberg College.

THE WATERS OF GLACIER • Sunday, March 10, 4:00 pm

Jill Haley (oboe, english horn), David Cullen (guitar), and Susan McDevitt (piano) return by popular demand. They appeared in spring of 2018 to present the first concert Jill wrote, "National Park Soundscapes," and were requested to return for the next installment by many listeners that day. "The Waters of Glacier" will highlight Glacier National Park with high-grade images accompanied by Jill, David, and Susan.

TONI PALMERTREE, SOPRANO • Sunday, April 7, 4:00 pm

Toni Marie Palmertree is an American soprano who receives great acclaim from audiences and critics for her captivating performances. In fall 2016, she was called to step into the title role of Madama Butterfly for the November 18th performance at San Francisco Opera. Janos Gereben from San Francisco Classical Voice wrote: "The young soprano not only met the challenge, but she claimed her place among the finest vocal interpreters of the role heard here recently." Toni is also well-loved for her caberet performances, which is the genre she will present for our series. Benjamin Britten, Hoagey Carmichael, and Cole Porter are just a few composers included!

VALLEY CHORAL SOCIETY • Sunday, May 19, 4:00 pm

The spring installment of Valley Choral's season is presented, highlighting deep, thoughtful texts from psalms, to Native American proverbs, all connecting us to our humanity, the earth, and a being greater than ourselves. "Words of Soul."
